		History		
		L3 Spanish		
		L3 German		
		L4 Spanish		
		L4 German		

Total must be at least 29 periods

Total must be between 31 and 35 periods

Consequences of Maths Choice in S4-S5

- Please note that your choice of mathematics option in S4 and S5 may have implications for the level of mathematics studied for the European Baccalaureate or for certain university courses.
- The choices in S6 and S7 will be Mathematics 3P and Mathematics 5P with an optional higher level mathematics course of an extra 3P.
- • Students wishing to follow a scientific route (including technical and medical studies) for the Baccalaureate must choose Maths 5P in S6 and S7 and therefore Maths 6P in S5.
- • Students wishing to follow the business route for the Baccalaureate have the choice of Maths course in S6 and S7 but if they wish to study economics or business at university level, many require Maths 5P in S6 and S7 and therefore Maths 6P in S5.
- • Students wishing to follow a more literary route for the Baccalaureate may choose Maths 3P or 5P for the Baccalaureate but have the choice in S5.
- Students thinking about **Business Studies** at university should do History 4P and Geography 4P as well as Maths 5P

Consequences of Choices in S6-S7

- **Maths 5 or 3 periods** : may have consequences for technical and medical studies. Also Economics.
- **Physics, Chemistry, Biology**: obligatory / strongly advised for certain studies (Medicine for example).
- **L3 / L4** : mostly no specific consequences
- You can do an extra written paper in the Bac if you can prove that the university is specifically requiring it.
- Students thinking about **Business Studies** at university should do History 4P and Geography 4P as well as Maths 5P
